1. Select your favorite topic. In four (4) sentences, discuss why you consider that topic your favorite. Place your answer in Notepad and upload the text file here.

My favorite topic is Cloud Computing. I find it fascinating because it transforms how businesses and individuals access and manage IT resources. It provides scalability, flexibility, and cost efficiency, which are essential in today's digital world. Learning about cloud computing excites me as it powers many modern technologies like AI, big data, and web applications.
